ANTHONY DAVID HARVEY

Board Advisor, Consultant & Non-Executive Director

EUR-UK-USA-Wide • +49(0)171 212 6617 • aharvey@carpe-diem-consulting.com • [LinkedIn](#)

Bringing a cognitive diversity alongside a breadth and depth of transformational experience, Tony is seeking to enrich boards addressing uncertainty, unpredictability and instability by providing a clarity of strategic approach and help shape a sustainable, value-driven future.

PROFILE

Adaptable, transformational leader delivering the technological impetus to drive change, productivity improvement and globalisation. Paired with a commercial and business acumen, Tony identifies opportunities that expand the boundaries of the business paradigm, guiding and broadening the scope of board-level strategies and initiatives to achieve expansive, sustainable growth.

Able to distil complexity into clarity, then provide an analytical, creative insight, his people-focussed approach inspires executives, boards and senior leaders to act with confidence during ambiguity, reacting to external as well internal shocks by applying a systematic proactivity and foresight for organisational change. With a proven track record of leading breakthrough initiatives, his consistency and resilience combined with his empathy, integrity and trust are key determinants for success in the board room.

KEY ACHIEVEMENTS

- **Instructed, challenged, intervened and advised sundry international boards** across the global arena during times of significant change; adopted UK/US/EU cultural fluency to drive performance improvements in multiple industries. Thorough expert in Board Leadership & Strategic Focus, Business Transformation, and Business Growth.
- **Advised boards as part of third-party board performance evaluations.** Trained and coached over 120 executives on corporate governance best practice for their mandates as Non-Executive Directors in the development fund finance industry.
- **Digital native experience for over 50 years, leading ground-breaking developments in utilising pre-internet technology.** As an entrepreneur and management consultant, continuously developed digital transformation, organisational change and leadership expertise to deliver at the forefront of innovation.
